CITY MANAGER

Steve Palen has recently been hired as the City Manager for the City of Wood River. Steve has served as the Public Services Director since December of 2003. He has been in Municipal Management for over 23 years as a Public Services Director and City Engineer. Steve has a degree in Civil Engineering from the University of Southern Illinois at Edwardsville and is a licensed Professional Engineer in Illinois and Missouri. As City Manager his focus will be on Community and Economic Development. As City Manager he will also continue to use his experiences as Public Services Director to further infrastructure improvements.

DANIELLE SNEED
CITY CLERK

Danielle Sneed was appointed to City Clerk in May of 2022. She began her career with the City of Wood River as the Administrative Assistant for Building and Zoning in March of 2020. Danielle earned her Bachelor's Degree in Business Administration from Hickey College in St. Louis. Danielle looks forward to providing excellent service to the citizens of Wood River.

1% PUBLIC SERVICES PROJECT LIST

State Street Sewer Separation – *This project consists of separating the combined sewers in the State Street Area. The area is bound by Wood River Avenue, Old St. Louis Road, Edwardsville Road, and State Route 143. The current construction cost estimate is $15,000,000. Project construction costs are covered 75% by the Corp and 25% by the City. The City received notice of 3.5 million dollar grant from the Corp of Engineers to complete phase 1. Project design is about 98% complete and is currently estimated for construction in August 2023 for phase 1 and will last approximately 6 months. Phase 2 should begin shortly thereafter and will last approximately 1.5 years.*

East End Detention Pond – *Project will create a detention pond east of the current Kia dealership building. This project will remove the entire area from the flood zone. This will allow development of these properties for commercial purposes. Engineering is complete. The project bid is 1.87 million dollars. IEPA loan forgiveness will be approximately $613,000. Project is under construction and will be completed as weather permits.*

6th Street Detention Expansion – *Project will expand the capacity of the 6th St detention pond and allow all the homes in that area to be removed from the flood zone. The current project cost estimate is 4.5 million dollars. Construction is currently estimated to begin winter of 2022/spring 2023 and will last approximately 6 months.*

Sidewalk Project (Various) – *This project will replace sidewalks in various locations in conjunction with the Cities overlay projects. The total project construction cost is approximately $100,000. Project construction costs will be paid out of the 1% sales tax fund.*

PUBLIC SERVICES PROJECT LIST

Old Alton/Edwardsville Road – This project will be a total reconstruction. Existing pavement will be removed and replaced. New storm sewers, sanitary sewers, and waterlines will be installed. The current cost estimate for the project is 1.4 million dollars. Construction could begin as soon as this summer. It will take approximately 4 months to construct. Project is funded entirely with City funds.

Wood River Avenue Phase 1 and 2 – This is a rotomill and resurfacing project on Wood River Avenue from East Alton City limits to about Ferguson Avenue. All intersections will be upgraded to handicap accessible. There will be new striping for this length of road. The current construction cost estimate is $1,000,000. Project is under design and has a hopeful bid date sometime between July of 2023 and June of 2024. This timeline depends on the State St Sewer Separation Project. It cannot be constructed until the Wood River Ave part of that project is completed. Project construction costs are covered 75% by the State and 25% by the County. Project construction would then hopefully begin within a month of bidding. Again, timing with the State St sewer separation project will affect when this project is to be constructed.

State St Waterline Phase 2 – This project will continue the new 12" water main on State St and will run from Elbe to Cotter then continue to Wood River Ave on Edwardsville Rd. The total project construction cost is Approximately $300,000. Construction will tentatively begin May 2023.

Manhole Lining Phase 3&4 – This project will line approximately manholes and pipes that are in desperate need of rehabilitation. The lining will re-establish structural stability within the manholes and pipes and stop the manholes and pipes from leaking. Most of the manholes are brick and the old pipes are clay tile. All are well into 80 years of age. The current construction cost is approximately $300,000.00 and is complete. The next phase of linings will begin May 2023.

6th St Rotomill and Resurfacing – This is a rotomill and resurfacing project on 6th St from State Route 143 to the city limits with Roxana. Intersections will be upgraded to be handicap accessible. Project was bid in June 2022. Project construction costs are covered 100% by the additional MFT money the City is receiving over the next 3 years. Project Construction could begin August 2022.

Edwardsville Rd Phase 1 – This is a rotomill and resurfacing project on Edwardsville Rd, from East Alton Village limits to approximately 2nd Street in Wood River. Intersections will be upgraded to be handicap accessible. Project is a 24/25 project and could bid as early as June 2024. Project construction costs are covered 75% by State and 25% by the County. The total construction cost is estimated to be $630,000.

DEPOSITS ON STREETS & SIDEWALKS

It shall be unlawful for any person, firm or corporation to dump or deposit any grass, leaves, branches, gumballs, glass, nails or other similar articles or any waste materials on any public street, alley or sidewalk in the City.

SNOW ROUTES

Please remember during a snowstorm of two inches or more accumulation, it is unlawful to park on Snow Routes until the streets are cleared from curb to curb. If it is expected to snow overnight, please move your vehicles off the street before you go to bed for the night.

CHRISTMAS TREE RECYCLING

Christmas trees may be disposed of at the City Dump/Compost Site at 400 Smith Ct. in the Envirotech Business Park at no charge. Please remove all ornaments and tinsel from the tree before bringing it to the facility. Hours are Friday, Saturday & Monday 8am-4pm and Sunday Noon-4pm. Call 251-3122 for more information

HOLIDAY TRASH PICKUP

Should a holiday occur on your regular pick-up day, service will be provided the following day for either trash or recyclables. Example: When a holiday falls on Monday, that route will be picked up on Tuesday, and the Tuesday route picked up on Wednesday. If there is a Thursday holiday that route will be picked up on Friday and Friday's route on Saturday.

HYDRANT FLUSHING- The City will be flushing and testing fire hydrants from Oct. 11-21.Residents may experience some discoloration of their water, however the water will remain safe to drink. Residents may want to avoid doing laundry during this time to avoid discoloration of clothing. Despite the inconvenience of the discolored water, it is necessary to flush fire hydrants to remove any sediment that may have settled in the water mains and to ensure the hydrants remain in good working order.

FIRE PREVENTION

October is fire prevention month and October 2nd-8th is officially fire prevention week. This is an important time to educate our community about fire safety practices in your home. Simple measures can mean so much:

* **Test your smoke and carbon monoxide detectors monthly**
* **Change detector batteries twice per year**
* **Have a fire extinguisher in the house**

Having and practicing a home escape plan is critical to ensure your family is best prepared in the event of a fire. This includes knowing two ways out, having an outside meeting place, and an understanding **when you're out... you stay out (never go back in).** Teach young ones to know when to call 9-1-1, and have a plan for multiple floor and basement emergencies in your home.

Remember: the Fire Department provides free home fire safety inspections, just contact the Fire Station at 618-259-0984 ext.2

PARK & RECREATION PROJECT UPDATES

NEW CENTRAL PARK PLAYGROUND: The current playground next to the Roundhouse will be torn down and a new playground and challenge course will be constructed. The playground will be one of the largest in the area and a popular destination for Wood River families. Challenge courses are a cross between a playground and obstacle course and provide a fun way for people of all ages to get their exercise! This project is projected to be completed in early Spring of 2023.

PICKLEBALL COURTS: You asked for them and we answered! Four new pickleball courts will be constructed at 14th Street Park. Pickleball is a cross between ping-pong and table tennis. It has become increasingly popular in recent years with the senior community. The courts should be ready for play in the Spring of 2023.

RECREATION CENTER UPDATE: Ground was broken on the new Recreation Center on June 20th,2022. The current project completion is October of 2023. Some amenities to look forward to in the Recreation Center include: walking track, basketball courts, volleyball courts, pickleball courts, gymnastics room, locker rooms, concession stand, party rental rooms, new offices and much more. The Parks and Recreation Staff is working diligently with the architects on the project on color schemes, equipment, construction materials, etc... We cannot wait for the residents of Wood River to see the finished project and enjoy the benefits of the Recreation Center for decades to come!

HERITAGE COUNCIL NEWS

Logon to the Wood River Heritage Council's website (woodriverillinoismuseum.org) or visit our Facebook page for general infor mation and announcements regarding current events at the Wood River Museum & Visitors Center, Camp DuBois, the Historic Wedding Cha pel, and the Vaughn Hill Cemetery.

In order to sustain its mission: *The Wood River Heritage Council is dedicated to preserving the history of the Wood River community for the enlightenment and enjoyment of present and future generations,* the Heritage Council relies on members and volunteers. If you are interested in becoming a member or to volunteer for a special event, please do not hesitate to visit the museum on the first or third Friday/Saturday of each month (1:00-4:00pm) or phone the museum 618-254-1993 and leave a message.

The Heritage Council's 2023 calendar will be: **Wood River Library, 100 Year Celebration** with photographs and related information. It will be for sale at various businesses later this fall.

We hope many of you were able to come by the museum and see the MRF exhibit in July. We will be hosting the Fall Art Show in October and hope you will stop by and see the entries. The museum is still wanting to enhance its collection of East Alton -Wood River Community High School yearbooks and is looking for yearbooks from 1990 through 2021. If you would like to donate yours, please drop it off at the museum (40 W. Ferguson Ave.) or mail it to: Wood River Heritage Council, P.O. Box 222; Wood River, IL 62095. (Make sure to le t the postal clerk know that it is a book and get the special postage rate).

Camp DuBois will be hosting a rendezvous on October 22 & 23. Come by and visit with our reenactors and vendors. Camp DuBois is generally open to the public during daylight hours, unless it has been r ented by a private group (scouts, reenactors, family, etc.).

Remember that the Historic Chapel is available for rental for small events. The chapel seats 40-50 guests. If you would like to reserve the chapel, please call 618-258-7237. We are planning to have a Grand Reopening to celebrate the renovations to the Chapel. Check the website for further information.
