Police Department News

New Hires

Jacob Roberson

Alex Zukas

Lucas Wells

The Police Department hired a new Dispatcher in 2016. **JACOB ROBERSON** joined the department in May of 2016 as a Dispatcher. Roberson was working towards a degree in Process Operations Technology when he joined the Police Department. Dispatcher Roberson was a former Duty Man with the Rosewood Heights Fire Protection District where he worked for 3 ½ years. He lives in Wood River with his girlfriend Makenzi Fee and their pooch, Tuc.

The Police Department hired two new cadets in September of 2016. **ALEX ZUKAS** is currently enrolled at SIUE majoring in Criminal Justice and plans to graduate in 2019. Cadet Zukas is an avid hunter in his free time. **LUCAS WELLS** is currently enrolled at Lewis & Clark Community College majoring in Criminal Justice with plans to graduate in 2020. Cadet Wells enjoys working out and hunting in his free time.

Kids Support Police with Soda Sale

Cadet Shook, Officer Wells, Emmie Hall, Kylene Johnson, Kameron Johnson, and Officer DeSherlia

In August of last year, these young citizens sold soda on their street in order to collect funds to donate to the Wood River Police Association. Their donation helped support Backstoppers, Patches and Badges, and Special Olympics.

The outpouring of community support was overwhelming. We are grateful for your kindness and thoughtfulness.

There have been some big changes around the firehouse lately. Since the retirement of **Chief Steve Alexander** in January, we have several members filling new roles. Chief Alexander retired with 30 years of career service, 14 of those years as the Chief of the Department. We will miss his experience but wish him all the best in his well-deserved retirement.

Captain Brendan McKee has been promoted to Chief and is working hard to move the department in a new direction. Chief McKee has over 20 years of service with the Fire Department and is one of the area's leading fire instructors, developing and delivering training for firefighters around the state. Chief McKee will be working hard to modernize the operations of the department and continue to emphasize the importance of putting our residents first at every incident.

Engineer Brian Crawford has been promoted to Captain and has assumed command of the "B" shift. Captain Crawford has over 23 years of service as an Engineer and EMT with the Fire Department. Among his many responsibilities will be apparatus maintenance, communications and continuing to coordinate the always popular Halloween Parade.

Probationary Firefighter Kris Ayers, pictured below with his wife and kids has been hired to fill the vacancy. Kris got his start as a paid-on-call firefighter for the City of Wood River and went on to work as a full time member of the East Alton Fire Department. He also serves as a firefighter in the US Army reserves, having completed a deployment to Afghanistan. Kris will be a welcome addition to our full time staff and we are extremely happy to have him back.

Several new paid-on-call members have been added to our ranks. We are pleased to announce that firefighters Geoff Martinez, Dave Owens, Devin Rogers, Nick Stephens and Derrick Thomas have all decided to serve our community as members of the fire department. Dave Owens came into our ranks with numerous fire department certifications and we were able to put his skill set to use almost immediately. At the conclusion of their orientation and training period the remainder will achieve state certification as basic operations firefighters. WRFD is always looking to add dedicated and service oriented personnel to our ranks.

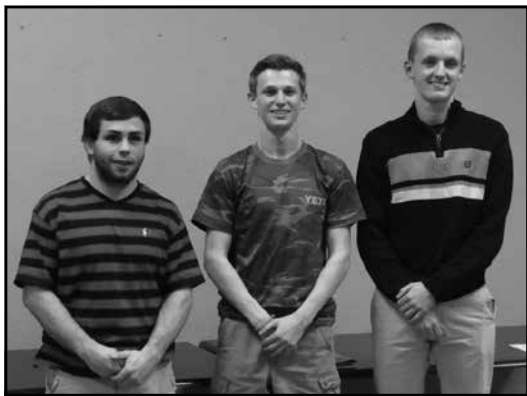

Despite the numerous changes, WRFD will maintain our focus on providing the highest level of service possible to the residents of Wood River. In 2016, members of our department responded to 1,549 emergencies, logged over 1,300 hours of training and used Advanced Life Support skills 466 times in the field. Inspections, prevention and education of the public will continue to be an essential function of our personnel. In 2016, we had contact with approximately 3,000 young people in our community educating them on topics from fire and home safety to heroin prevention. If you are interested in attending a CPR class, scheduling a fire prevention event for your group, or joining the department as a POC, please call or stop by the fire department.

SMOKE DETECTORS

Save Lives

The Wood River Fire Department is pleased to announce its partnership with the American Red Cross, Home Fire Campaign and Disaster Preparedness. The Home Fire Campaign efforts are to reduce fire deaths and injuries nationwide 25% by 2019. The majority of injuries and deaths related to residential fires are a result of missing, improperly placed, aged, or non-functioning detectors. The partnership with American Red Cross allows fire personnel to install up to three smoke detectors per household, for those in need. For detectors and a complete home fire safety inspection please call 259-0984.
