## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council Wood River, IL

#### Report on the Financial Statements

We have audited the accompanying financial statements of the Of the City of Wood River, Illinois as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wood River, Illinois as of April 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 3 to 10), budgetary comparison information (pages 59 to 64) and schedules of pension funding information (pages 65 to 73) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Wood River, Illinois' basic financial statements. The combining and individual nonmajor fund financial statements and other schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements and other schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other schedules, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 13, 2021 on our consideration of the City of Wood River, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Wood River, Illinois' internal control over financial reporting and compliance.

# CITY OF WOOD RIVER, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) APRIL 30, 2021

This section of the City of Wood River's annual financial report presents an easy to read analysis of the City's financial performance for the fiscal year ended April 30, 2021. The MD&A provides an analysis of the overall financial position and results of the previous year's operations in order to assess whether the City's finances have improved or deteriorated since the previous year. The analysis describes capital asset and long-term debt activity and concludes with information regarding currently known facts, decisions, or conditions that are expected to have a significant effect on the City's future financial position and operations. Please read this analysis in conjunction with the City's financial statements, including all supplementary information and note disclosures.

# Using this Annual Report

The financial statements' focus is on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison, and enhance the City's accountability.

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to be corporate-like and consist of a statement of net position and a statement of activities. The statements are prepared using the economic resources measurement focus and accrual basis of accounting. These statements report all of the assets, liabilities, revenues, and expenses of the City. Each statement distinguishes between the governmental and business-type activities of the City and presents a total for the City as a whole in a separate column. Fiduciary activities (firefighter and police pension funds), whose resources are not available to finance the City's programs, are excluded from the government-wide financial statements.

The focus of the statement of net position (the "unrestricted net position") is designed to be similar to bottom line results for the City and its governmental and business-type activities. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The statement of activities is focused on both the gross and net cost of various activities (including governmental and business-type) that are supported by the City's general tax and other revenues. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

# CITY OF WOOD RIVER, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

#### **Fund-based Financial Statements**

The fund-based financial statements consist of a series of statements that provide information about the City's major and non-major governmental, enterprise, and fiduciary funds.

- -Governmental fund financial statements (including the general fund, special revenue, debt service and capital projects funds) are prepared using the current financial resources measurement focus and the modified-accrual basis of accounting. The statements consist of a balance sheet and a statement of revenues, expenditures, and changes in fund balances.
- -Proprietary fund financial statements (enterprise funds) and fiduciary fund financial statements (firefighter and police pension) are prepared using the economic resources measurement focus and the accrual basis of accounting. The statements consist of a statement of net position, a statement of revenues, expenses, and changes in fund net position, and a statement of cash flows. The fiduciary fund statements include a statement of fiduciary net position and a statement of changes in fiduciary net position.

The fund financial statements include a reconciliation between the government-wide and fund financial statements because of the differences in basis of accounting. The differences are primarily regarding how receivables, accrued compensated absences, fixed assets, debt, other post-employment benefits (OPEB) and pension liabilities are treated and the timing for recording some revenues and expenses.

## **Infrastructure Assets**

Infrastructure (roads, bridges, storm sewers, etc.) is valued and reported within the governmental column of the government-wide statements. The City must elect to either (1) depreciate these assets over their estimated useful life or (2) develop a system of asset management designed to maintain the service delivery potential to near perpetuity. If the City develops the asset management system (the modified approach) that periodically measures and demonstrates its maintenance of locally established levels of service standards, the City may record its cost of maintenance in lieu of depreciation. The City has chosen to depreciate assets over their useful life.

# Financial Analysis of the City as a Whole

### **Net Position**

The City's overall financial position improved over the past year as combined net position from fiscal year 2020 increased \$3,271,587. Governmental activities had an increase in net position of \$2,335,569 and business-type activities had an increase of \$936,018. Net position for governmental activities totals \$60.4 million with 119% being invested in capital assets (buildings, roads, equipment, etc.). The net position of the business-type activities totals \$23.4 million with 85% invested in capital assets.

# CITY OF WOOD RIVER, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

### **Governmental Activities**

Revenues for governmental activities increased \$2,078,526 or 15.6% to a total of \$15,390,772. Increases in capital grants of \$1,166,966, primarily related to street improvement projects, as well as increased intergovernmental tax revenue explain the increase. The intergovernmental tax revenue increase was attributable to both greater general sales tax revenue and the non-home rule sale tax. Net transfers for governmental activities increased due to the non-home rule sales tax paying for water and sewer improvements. Expenses decreased \$1,208,145 or 8.5% to a total of \$13,055,203. Public safety pension expenses were the principal source of the decrease. Revenues exceeded expenses by 2,335,569 for the fiscal year ended April 30, 2021.

# **Business-type Activities**

Revenues for the City's business-type activities increased \$298,037 or 5.4%. Golf program revenues increased \$158,544, water service revenues increased \$166,253 and sewer service revenues decreased \$101,427. Capital grants and contributions decreased \$162,000 and amounts transferred to business-type activities from governmental activities increased \$344,345. Expenses for the business-type activities decreased \$311,311 due to decreased pension expenses attributable to IMRF's performance. Fund net position for the City's business-type activities increased \$936,018 or 4.2% from fiscal year 2020. The total fund net position for business-type activities is \$23.4 million on April 30, 2021 with \$3.6 million unrestricted.

# Financial Analysis of the City's Fund Financial Statements

For the fiscal year ended April 30, 2021 the governmental funds reflect a \$3,073,661 increase in fund balance. Governmental fund revenue increased \$1,675,165 for the reasons described above. Governmental fund expenses decreased \$725,887 primarily due to the reduction in capital outlays. The General Fund's fund balance increased \$1,099,389. There were General Fund revenue increases for sales and use tax, income tax, corporate replacement tax, grant revenue, and charges for services. General Fund expenses decreased in all areas except sanitation. The General Fund revenues increased 13.7% or \$912,189, and expenses decreased by 4.4% or \$334,422. Special Revenue Fund balances increased \$1,974,272.

# City of Wood River's Status of Reserves

Governmental Funds	FY 20/21	FY 19/20	Increase/(Decrease)
General	3,409,957	2,310,568	1,099,389
Insurance	1,115,843	726,893	388,950
Non-Home Rule Sales Tax	1,728,449	522,720	1,205,729
Non-Major	3,238,272	2,858,679	379,593

# <u>CITY OF WOOD RIVER, ILLINOIS</u> <u>MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)</u>

# **Capital Asset and Debt Administration**

At the end of fiscal year 2021, the City had \$98.4 million invested in a broad range of capital assets including police, fire, public works, parks and golf facilities and equipment, as well as roads, sidewalks, water and sewer lines, etc. Governmental funds had \$72.6 million and Business-type activities had \$25.8 million invested at the end of fiscal year 2021, net of depreciation (see note 5).

# CITY OF WOOD RIVER, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

# **Debt Outstanding**

The City does not have outstanding bonds. The City's loans/capital leases for governmental activities total \$964,207. The City's legal debt margin is \$11,056,402 (see note 6).

Capital leases/loans/debt certificates in the business-type activities total \$6,003,097 and include debt for golf course equipment and various water and sewer system upgrades.

# General Fund Budgetary Highlights

Budget amendments require passage of an ordinance by City Council. The City Council revised the fiscal year 2021 budget to adjust for reallocation of expenses between line items within individual funds. Amendments were made increasing the budget for higher than anticipated expenses in the General, Library, Water, Sewer, Refuse, Golf, and Non-Home rule Sales Tax Fund.

## **Economic Factors**

The City's statutory debt limit is 8.625% of the equalized assessed valuation of all taxable property within the boundaries of the City. The most recent assessed valuation for the City is \$139,369,385 and \$1,621,360 for the TIF #3 increment. The assessed valuation for the City increased by \$2,837,355 or 2.0% from last year. The City's tax rate increased by \$0.0494 for a current rate of \$1.7343 in comparison to last year's rate of \$1.6849. The tax rate has remained relatively stable, with decreases four out of the last seven years totaling \$0.0410 over that time.

The City's population declined by 1.8% or 193 when comparing the 2020 census total of 10,464 to the 2010 census total of 10,657. The City has had continued construction activity. in the Grand View Hills subdivision (82 homes) with 25 homes completed or under construction. In addition, several other lots in Grand View Hills have been sold. The Lincoln School subdivision site also remains ready for development for nine single-family homes in an older section of town. The hope is construction there will help revitalize surrounding properties as well and that a developer will emerge soon. Other residential subdivision opportunities include Heritage Trails Phase II and properties near Kendall Estates.

The City has diverse industrial, retail, and service employment opportunities within the community and in the surrounding Riverbend and Metro East areas. Residents also commute to employment opportunities in downtown St. Louis and St. Louis County. The largest employer within the City is Help at Home LLC and the largest employer within the Riverbend region is Wieland Rolled Products North America in neighboring East Alton.

The City has numerous commercial opportunities at both City exits from IL-255, including the Wood River Plaza shopping area. Wood River Plaza occupies seventy-two acres near the IL-255/Route 111 interchange and includes a 204,000 square foot Wal-Mart SuperCenter. Spaces in the strip centers and outlots have been leased to national tenants such as Wendy's restaurant, Hibbett Sports, Game Stop, Dollar Tree, Papa Johns, and Subway, among others. Also nearby are Aldi, Applebee's, and Taco Bell. Some of the area is within a business district to help encourage development. This section of the City continues to generate significant revenue through sales, property, and utility taxes.

# CITY OF WOOD RIVER, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

The east side of the City near the IL-255/Route 143 interchange showcases the homes of the Federico Chrysler-Dodge, Auto Centers Nissan, Federico KIA, and Jack Schmitt Chevrolet auto dealerships. Automobile-related sales city-wide accounted for approximately 30% of the sales tax collected in calendar year 2020 and grew approximately 4% from calendar year 2019.

The City's total retail sales for calendar year 2020. was \$335.9 million compared to \$337.0 million in calendar year 2019, a decrease of .3%. The City continues to attract a significant amount of retail customers from surrounding communities and rural areas.

There were numerous significant capital projects that occurred in fiscal year 2021 including phase two of the 6<sup>th</sup> Street improvement project, phase two of the Ferguson Avenue downtown streetscape project, Wood River Avenue Phase I & 2, and East Acton. In addition, engineering has commenced on Edwardsville Avenue street improvements, the East End water detention project (to enable further development near the IL-255/Route 143 interchange), State Street Area sewer separation, Recreation Center, and the 6<sup>th</sup> Street Detention Pond. Federal and State funding has been secured or is being pursued for these projects as well as motor fuel taxes when applicable and the commitment of the City's non-home rule sales tax revenues.

The General Fund is currently meeting the three-month operating reserve target. However, with rising personnel costs and aging infrastructure, the City Council continues to analyze various methods to increase efficiency, reduce costs and generate additional revenues via economic growth and development. The City's TIF district (TIF #3) was created to promote downtown, commercial, and industrial development. In fiscal year 2021 the City expanded Riverbend Business District #1 and created Riverbend Business District #4 to promote development in its primary commercial area. The City Council and management have restructured staff in various departments to operate as efficiently and economically as possible. Within the City's most recent overall budget, personnel costs comprise 35.6% of total expenditures.

# Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Director of Finance, City of Wood River, 111 North Wood River Avenue, Wood River, IL 62095.

# RECONCILIATION OF THE BALANCE SHEET OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION APRIL 30, 2021

Amounts reported for governmental fund balances are different because:

Fund balances - total governmental funds	\$	9,492,521
Capital assets used in governmental activities are not financial resources and, therefore, are not reported on the balance sheet of the governmental funds.		72,622,406
Some receivables are not available to pay current-period expenditures and, therefore, are deferred in the governmental funds balance sheet, but recognized as revenue as economic financial resources.		1,585,748
Accrued interest payable on the long-term debt is not reported as a liability on the balance sheet of the governmental funds.		(3,709)
Accrued compensated absences are not reported as a liability on the balance sheet of the governmental funds.	-	(1,164,502)
Net pension liabilities and the related future pension expense are not reported as assets and liabilities on the balance sheet of the governmental funds.		(19,848,004)
Net OPEB liabilities and the related future related expense are not reported as assets and liabilities on the balance sheet of the governmental funds.		(1,321,458)
Long-term debt (e.g., bonds, leases) is not reported as a liability on the balance sheet of the governmental funds.		(964,207)
Net position of governmental activities	<u>\$</u>	60,398,795

# RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED APRIL 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	3,073,661
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense (\$2,115,339) exceeded capital outlay additions (\$867,869) and contributed capital (\$816,114) in the current year.		(431,356)
Accrued compensated absences are reported in the government-wide statement of activities and changes in net assets, but do not require the use of current financial resources; therefore, accrued compensated absences are not reported as expenditures in governmental funds. This is the change in accrued compensated absences.		7,765
Net pension liabilities and the related future pension expense are reported in the government-wide statement of activities and changes in net position, but do not require the use of current financial resources; therefore, these amounts are not reported as expenditures in governmental funds. This is the change in the net pension liability.		(252,884)
Net OPEB liabilities and the related future pension expense are reported in the government-wide statement of activities and changes in net position, but do not require the use of current financial resources; therefore, these amounts are not reported as expenditures in governmental funds. This is the change in the net OPEB liability.		2,317
The balance of the City's portion of the pooled insurance trust is not recorded as an asset in the fund financial statements. In the statement of net position, this amount is included and adjusted through the general functional expense category. This amount is the difference between beginning and ending insurance trust balance.		(153,169)
The issuance of long-term debt (e.g., bonds, loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of those differences in the treatment of long-term debt and related items.		50,294
Some intergovernmental revenues will not be collected for several months after the City's fiscal year end. They are not considered "available" revenues in the governmental funds. This is the change in deferred revenues between fiscal years.		35,268
Accrued interest expense on long-term debt is reported in the government-wide statement of activities and changes in net assets, but does not require the use of current financial resources; therefore, accrued interest expense is not reported as expenditures in governmental funds.		3,673
Change in net position of governmental activities	<u>\$</u>	2,335,569

# <u>CITY OF WOOD RIVER, ILLINOIS</u>

NOTES TO FINANCIAL STATEMENTS APRIL 30, 2021

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Wood River, Illinois have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

# (a) The financial reporting entity

The City is a political subdivision of the State of Illinois. These financial statements present the government and its component units. Component units are legally separate entities for which the City, as the primary government, is financially accountable. The City defines its reporting entity in accordance with Codification of Governmental Accounting and Financial Reporting Standards, Section 2100. To be considered financially accountable, the organization must be fiscally dependent on the City or the City must appoint a majority of the board of the organization and either (1) be able to impose its will on the organization or (2) the relationship must have the potential for creating a financial benefit to or imposing a financial burden on the City. The City did not have any component units as of April 30, 2021.

#### (b) Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide

financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

## (c) Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

Property taxes, intergovernmental revenues, permits and fees associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized, when applicable, as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The General Fund is the main operating fund of the City. This fund is used to account for all financial resources not required to be accounted for in a separate fund. This fund reports all general tax revenues and other revenues that are not restricted by law or contractual agreement to a separate fund.

The Insurance Fund accounts for the financial transactions related to providing for the insurance coverages of the City.

The Non-Home Rule Sales Tax Fund accounts for the related sales taxes and expenditures as determined by the City.

The government reports the following major proprietary funds:

The Water and Sewer Funds account for the activities of the water and sewer operations. The City operates water and sewerage treatment plants, water distribution systems and pump stations, and sewer collection and lift station systems.

The Golf Fund accounts for the operations related to the City operated golf course.

Additionally, the government reports the following fund type:

The pension trust funds account for the activities of the police and fire pension funds, which accumulate resources for pension benefit payments to qualified public safety employees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are reimbursements between funds for direct costs applicable to the other fund. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of connection fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

# (d) Assets, liabilities and net assets or equity

#### Deposits and investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposits and short-term investments with original maturities of three months or less.

The City is authorized by state statute to invest in obligations of the United States of America, insured interest bearing accounts of banks, savings and loan associations or credit unions, certain short-term obligations of corporations organized in the United States, money market mutual funds that invest in obligations of the United States of America or its agencies or are guaranteed by the full faith and credit of the United States of America. The pension trust funds are also allowed to invest limited percentages of their monies in mutual funds and equity securities.

Investments are recorded in all funds at fair value. Investment income is recognized as earned. Gains or losses on sales and exchanges of fixed-income securities are recognized on the transaction date.

### Receivables and payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade and property tax receivables are shown net of an allowance for uncollectible amounts.

Unbilled water, sewer and garbage service receivables are recorded at year-end. They are determined by taking cycle billings subsequent to April 30 and prorating the applicable number of days to the current fiscal year.

The City levied its property taxes on December 7, 2020 based upon the assessed valuation as of the previous January 1. Property taxes are due in four installments in the following year, usually beginning in June, and are considered delinquent after the due dates. Property taxes for 2020 become an enforceable lien in January 2021. Because this tax levy will be used to pay for expenses budgeted in fiscal year 2022, this tax levy is shown as a receivable and as deferred inflow of resources as of April 30, 2021 in the governmental funds statements and in the statement of net position. Tax revenues reflected in these financial statements are taxes collected on the 2019 levy.

#### Inventory

Inventory reported in the enterprise funds are valued at the lower of cost (first-in, first-out) or market.

### Restricted assets - Business-Type Activities

These accounts accumulate to provide funds to offset the existing liability for customer utility deposits.

#### Capital assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The government generally defines capital assets as assets with an initial, individual cost of more than \$20,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects when constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	25 - 40
Infrastructure	20 - 50
Distribution systems	50
Vehicles	5 - 15
Office and other equipment	5 -15
Golf course	10 - 50

### Prepaid expenses

Payments made to vendors for services that will benefit periods beyond the fiscal year end are reported as prepaid expenses.

## Compensated absences

In the governmental fund financial statements, vested and accumulated vacation and sick pay that is expected to be liquidated with expendable available resources is reported as an expenditure and a fund liability. Vested and accumulated vacation and sick pay of proprietary funds are recorded as an expense and a liability of those funds as the benefits accrue to employees. The government-wide financial statements report the amounts in the same method as reported in the proprietary funds.

Sick pay is earned at a rate of 144 hours per year (police personnel 216 per year and fire personnel 432 per year) and accumulated up to 2,080 hours per employee for all full time City employees except firefighters, who can accumulate up to 2,756 hours. Retired or terminated employees may be compensated for ½ of their sick hour balance at retirement or separation depending on whether they are covered for the benefit by the collective bargaining agreement or the personnel code. Each employee earns vacation time up to a maximum of 204 hours (firefighters 360 hours) at their anniversary date. At April 30, 2021, employees have accumulated \$430,399 in accrued vacation and \$1,102,987 in accrued sick pay.

### Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

# Fund balances

In the fund financial statements, the City classifies the fund balances based upon the following criteria:

Nonspendable - includes amounts that cannot be spent because they are either 1) not in spendable form, or 2) legally or contractually required to remain intact.

Restricted - balances with constraints that are either externally imposed by creditors or imposed by law through constitutional provisions or enabling legislation.

Committed - balances that are to be only used for specific purposes pursuant to constraints imposed by formal action of the City Council, the government's highest level of decision-making authority.

Assigned - balances that are constrained by the City Council's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned - the residual classification of the General Fund balance.

### NOTES TO FINANCIAL STATEMENTS (CONTINUED)

The following details the description and amount of all constraints recorded by the City in the fund financial statements:

Governmental Funds		
Nonspendable:		
Prepaid Insurance	\$	531,284
Restricted:		
General - Police Funds	\$	80,207
Library		312,820
Business District		474,335
Motor Fuel Tax		415,425
TIF #3		117,116
Refuse		215,175
Refuse - Reserved for Compost Site		25,600
Retirement Fund		55,198
	\$	1,695,876
Committed:		
Non-Home Rule Sales Tax	\$	1,728,449
Capital Development	-	1,622,603
	\$	3,351,052
Assigned:		
Recreation		105,686
Insurance Fund		584,559
	\$	690,245

When expenditures are incurred for which the City has both restricted and unrestricted funds available, the City spends any restricted funds before using unrestricted sources. Likewise, the City uses committed, assigned and then unassigned balances, in that order, when spending amounts for which all three categories are available.

### **Budget Policy and Practices**

The City followed these procedures in establishing the budgetary data reflected in the financial statements:

- 1. Prior to April 30, the Director of Finance and the City Manager prepared a "City Manager's Proposed Budget" which was distributed to the City Council for their review.
- 2. The City Council conducts budget review sessions.
- 3. A public hearing is conducted to obtain taxpayer comments.
- 4. The City Council adopts the proposed budget.
- 5. Amendments to the budget affect transfers of amounts between line items. All amendments are approved by the City Council.
- 6. The budget is prepared on a cash basis of accounting.

#### Risk Management

The City is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets; errors and omissions and natural disasters for which the City carries commercial insurance. There has been no significant reduction in coverage from the prior year.

#### Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. These estimates and assumptions affect the reported amounts of assets and liabilities and the reported revenues and expenditures. Actual results could vary from estimates that were used.

### NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS

### Governmental & Business-Type Activities

At April 30, 2021, the carrying amount of the City's deposits was \$8,609,498 and the bank balance was \$8,916,593. The deposits were comprised of interest checking, money market and savings accounts.

<u>Custodial Credit Risk</u>. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City requires that all deposits be fully covered by FDIC insurance or collateralized with investments held by the financial institution in the City's name. As of April 30, 2021, all of the deposits of the City were covered by FDIC insurance or collateralized by the financial institutions.

At April 30, 2021, the City had the following investments:

Investment	Weighted Average  Maturity (Years)	]	Fair Value
The Illinois Funds	Daily	\$	101,507
Illinois Metropolitan Investment Fund	Daily		1,214,889
Municipal Bonds	0.98		2,851,619
Cash on Hand			2,345
Deposits as reported above			8,609,498
Total deposits and investments		<u>\$</u>	12,779,858
As Reported in the Statement of Net Position:			
Cash and Cash Equivalents		\$	9,822,027
Investments			2,934,011
Restricted Cash and Investments			23,820
		\$	12,779,858

<u>Interest Rate Risk</u>. The City's investment policy limits investment maturities in order to maintain sufficient liquidity to reflect the cash flow needs of the fund type being invested. The policy also requires diversification of the investment portfolio via length of maturity as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk.</u> As of April 30, 2021, the credit ratings of the City's investments are as follows:

	Standard &	Moody's Investors
Investment	Poor's Rating	Service Rating
Illinois Metropolitan Investment Fund		Aaa
The Illinois Funds	AAAm	
Municipal Bonds	AAA to BBB	Aaa to A2

The Illinois Funds and the Illinois Metropolitan Investment Fund are pooled investments that are operated by the State of Illinois as a not-for-profit common law trust and are not registered with the SEC. The funds are monitored regularly through the State by internal and external audits. The goals of the funds are to provide liquidity and to maintain balances that are equal to the par value of the invested shares with no loss to market fluctuations. The fair value of the City's position in the pool is the same as the value of the pool shares.

<u>Concentration of Credit Risk</u>. As of April 30, 2021, the City did not have a concentration of credit risk.

Foreign Currency Risk. As of April 30, 2021, the City has no foreign currency risk.

### **Police Pension Fund**

At April 30, 2021, the carrying amount and the bank balance of the Police Pension Fund's deposits were \$184,122. The deposits were comprised of a money market account.

<u>Custodial Credit Risk</u>. Custodial credit risk is the risk that in the event of a bank failure, the Police Pension's deposits may not be returned to it. The Police Pension requires that all deposits be fully covered by FDIC insurance or collateralized with investments held by the financial institution in the Police Pension's name.

As of April 30, 2021, the Police Pension Fund had the following investments:

	Weighted Average		
<u>Investment</u>	Maturity (Years)	Ī	Fair Value
US Treasury Notes	3.08	\$	1,055,892
US Treasury Bonds	15.67		916,027
Government National Mortgage Association	5.62		2,259
Federal National Mortgage Association	1.48		97,819
Federal Farm Credit Bank	15.47		168,710
Federal Home Loan Bank	3.29		203,039
Corporate Bonds	9.14		1,856,826
Mutual Funds			7,545,418
Certificates of Deposits			121,051
Deposits as reported above			184,122
Total deposits and investments		\$	12,151,163

<u>Interest Rate Risk</u>. The Police Pension Fund's investment policy limits investment maturities in order to maintain sufficient liquidity to reflect the cash flow needs of the fund. The policy also requires diversification of the investment portfolio via length of maturity as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk</u>. As of April 30, 2021, the Police Pension Fund investments had the following credit risks:

Investment	Standard & Poor's Rating	Moody's Investors Service Rating
Corporate Bonds	AAA to BBB	Aaa to Baa3
Federal Home Loan Bank	AA+	Aaa
Federal National Mortgage Association	AA+	Aaa
Federal Farm Credit Bank	AA+	Aaa

<u>Concentration of Credit Risk</u>. As of April 30, 2021, the Police Pension Fund did not have a concentration of credit risk in any one investment.

<u>Foreign Currency Risk.</u> As of April 30, 2021, the Police Pension Fund has no foreign currency risk.

#### Firefighter's Pension Fund

At April 30, 2021, the carrying amount and the bank balance of the Firefighter's Pension Fund's deposits was \$177,652. The deposits were comprised of money market accounts.

<u>Custodial Credit Risk</u>. Custodial credit risk is the risk that in the event of a bank failure, the Firefighter's Pension Fund's deposits may not be returned to it. The Firefighter's Pension Fund requires that all deposits be fully covered by FDIC insurance or collateralized with investments held by the financial institution in the Firefighter's Pension Fund's name.

As of April 30, 2021, the Firefighter's Pension Fund had the following investments:

	Weighted Average		
Investment	Maturity (Years)	<u>F</u>	air Value
U.S. Treasury Notes	3.54	\$	1,168,852
Federal Home Loan Bank	5.11		293,294
Federal National Mortgage Association	5.56		70,900
Federal Home Loan Mortgage Corporation	4.88		9,546
Federal Farm Credit Bank	4.28		881,677
TN Valley Authority	4.69		59,766
TN Valley Strip	7.50		57,180
Mutual Funds			3,632,179
Certificates of Deposits			206,817
Deposits as reported above	•		177,652
Total deposits and investments		\$	6,557,863

<u>Interest Rate Risk</u>. The Firefighter's Pension Fund's investment policy limits investment maturities in order to maintain sufficient liquidity to reflect the cash flow needs of the fund. The policy also requires diversification of the investment portfolio via length of maturity as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Credit Risk</u>. As of April 30, 2021, the Firefighter's Pension Fund credit risk ratings were as follows:

Investment	Standard & Poor's Rating	Moody's Investors Service Rating
<u>mivestment</u>	1 oor 5 Rainig	Service Rating
Federal Home Loan Mortgage Corporation	AA+	Aaa
Federal Home Loan Bank	AA+	Aaa
Federal National Mortgage Association	AA+	Aaa
Federal Farm Credit Bank	AA+	Aaa

<u>Concentration of Credit Risk</u>. As of April 30, 2021, the Firefighter's Pension Fund did not have a concentration of credit risk in any one investment.

<u>Foreign Currency Risk.</u> As of April 30, 2021, the Firefighter's Pension Fund has no foreign currency risk.

#### NOTE 3: <u>RECEIVABLES</u>

City receivables, as reported in the statement of net position, including the applicable allowances for uncollectible accounts, are as follows as of April 30, 2021:

		Other					
		Major	Ε	nterprise	N	onmajor	
	<u>General</u>	<u>Funds</u>		<u>Funds</u>		<u>Funds</u>	<u>Total</u>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

In a prior year, the City entered into an agreement with a developer that provided an advance of \$1,000,000. This advance will be repaid to the City through incremental sales taxes in future years. The balance of \$1,000,000 has previously been added to the government-wide financial statements as an additional account receivable.

#### NOTE 4: LONG-TERM DEBT

The City enters into long-term debt agreements to provide funds for the acquisition and construction of equipment and major capital projects. The City has entered into the following long-term debt agreements:

#### Governmental

The City entered into a loan agreement on September 1, 2008 for \$250,000 to provide funding for the purchase of a fire truck. The loan is to be repaid in annual principal installments of \$12,500. The balance is to be repaid by the General Fund. The outstanding balance as of April 30, 2021 is \$87,500.

The City entered into a lease purchase agreement on August 27, 2012 for \$186,350 to provide for the purchase of a street sweeper. The lease purchase is to be repaid in annual installments of \$21,733, including interest at 2.89 percent. The balance is to be repaid by the Capital Improvement Fund. The balance as of April 30, 2021 is \$41,488.

The City entered into a lease purchase agreement on January 20, 2020 for \$66,275 to provide funding for the purchase of medical equipment. The lease purchase is to be repaid in annual installments of \$17,092. The balance is to be repaid by the General Fund. The balance as of April 30, 2021 is \$34,183.

The City entered into a loan agreement on May 31, 2019 for \$735,719 to provide funding for the new police station. The loan is to be repaid in quarterly installments of \$30,155, including interest at 2.75 percent. The loan is unsecured. The balance is to be repaid by the Capital Improvements and Development Fund. The balance as of April 30, 2021 is \$533,466.

The City entered into a loan purchase agreement on September 25, 2020 for \$204,770 to refinance a fire truck and provide funding for the purchase of an aerial truck. The loan is to be repaid in annual installments of \$43,467, including interest at 1.99%. The balance is to be repaid by the General Fund. The outstanding balance as of April 30, 2021 is \$204,770.

The City entered into a loan agreement on April 12, 2021 for \$62,800 to provide funding for the purchase of a new mower. The loan is to be repaid in annual installments of \$13,713, including interest at 3.00 percent. The balance is to be repaid with reductions in future Madison County Community Development grant funds. The balance as of April 30, 2021 is \$62,800.

#### Business-type

The City entered into general obligation debt certificates on April 2, 2012 to refinance existing debt certificates that provided funding for various water improvements. The debt certificates are to be repaid in 10 annual installments of \$66,550 including interest at 2.89 percent. The balance is to be repaid by the Water Fund. The outstanding balance as of April 30, 2021 is \$64,004.

The City entered into an agreement with the IEPA on February 7, 2011 to provide funding for sewer infrastructure improvements. The loan, in the approved amount of \$9,936,067, was drawn on as needed to provide funding for the improvements. The loan is to be repaid in 39 semi-annual installments of \$225,372 including interest at 1.25 percent. The balance is to be repaid by the Sewer Fund. The total outstanding balance as of April 30, 2021 is \$5,201,180.

The City entered into a lease purchase agreement on March 22, 2017 for \$52,266 to provide funding for the purchase of a Kubota tractor. The lease purchase is to be repaid in annual installments of \$11,070, including interest at 2.63 percent. The balance is to be repaid by the Golf Fund. The balance as of April 30, 2021 is \$10,787.

The City entered into a lease purchase agreement on April 3, 2020 for \$840,906 to provide funding for the purchase of a radio read water meter system. The lease purchase is to be repaid in annual installments of \$130,488, including interest at 2.11 percent. The balance is to be repaid by the Water Fund. The balance as of April 30, 2021 is \$727,126.

Unless noted otherwise, the loans are secured by the related equipment. Upon default, the loans may become immediately due, including interest. The lender may also take possession of the equipment being held as collateral.

The annual requirements to retire other long-term debt are as follows:

Fiscal				
Year Ended	Governmen	tal Activities	Business-typ	e Activities

	\$ 965,728

#### NOTE 6: LEGAL DEBT MARGIN

The computation of legal debt margin at April 30, 2021 is as follows:

Assessed Valuation	\$	139,369,385
Bonded Debt Limit*	\$	12,020,609
Bonded Indebtedness	-	964,207
Legal Debt Margin	\$	11,056,402

The bonded indebtedness of the City of Wood River, Illinois is limited by Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes to 8.625% of the assessed valuation of taxable tangible property.

#### NOTE 7: RETIREMENT AND PENSION FUND COMMITMENTS

#### 1. Illinois Municipal Retirement Fund

Plan Description. The City's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at <a href="https://www.imrf.org">www.imrf.org</a>.

Funding Policy. As set by statute, members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount

necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2020 was 21.58 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Covered Employees. The following types of employees comprise the membership of the plan.

Retirees and Beneficiaries	88
Inactive, non-Retired Members	29
Active Members	_43
Total	<u>160</u>

Discount Rate. GASB Statement No. 68 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the fund to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a "risk-free" rate is required, as described in the following paragraph.

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.25%; the municipal bond rate is 2.00%; and the resulting single discount rate is 7.25%.

Actuarial Valuation Date	12/31/20
Measurement Date of the Net Pension Liability	12/31/20
Fiscal Year End	04/30/21
Development of the Single Discount Rate as of December 31, 2020	
Long-Term Expected Rate of Investment Return	7.25%
Long-Term Municipal Bond Rate	2.00%
Last year ending December 31 in the 2021 to 2120 projection period	
for which projected benefit payments are fully funded	2120
Resulting Single Discount Rate based on the above development	7.25%
Single Discount Rate calculated using December 31, 2019 Measurement Date	7.25%

The Long-Term Municipal Bond Rate is based on the Fidelity Index's "20-Year Municipal GO AA Index" as of December 31, 2020.

Actuarial Assumptions. The following are the actuarial assumptions used in the calculation of the net pension liability.

Asset Valuation Method	Market Value of Assets
------------------------	------------------------

Price Inflation 2.25%

Salary Increases 2.85% to 13.75%

Investment Rate of Return 7.25%

Retirement Age Experience-based table of rates that are specific to the type of eligibility

condition. Last updated for the 2020 valuation pursuant to an experience

study of the period 2017-2019.

Mortality For non-disabled retirees, the Pub-2010, Amount-Weighted, below-

median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements

projected using scale MP-2020.

*Net Pension Liability*. The following is a summary of the Net Pension Liability as shown as a liability in the financial statements.

Total pension liability

#### 2. Firefighters' Pension Fund

#### a) Plan Description

Plan Administration. The Board consists of two members appointed by the City, two active members of the fire department elected by the membership, and one retired member of the fire department elected by the retiree membership.

Plan Membership as of April 30, 2021:

Inactive Plan Members or Beneficiaries	
Currently Receiving Benefits	12
Active Plan Members	<u>11</u>
Total	<u>23</u>

#### Benefits Provided.

The Plan provides retirement, termination, disability, and death benefits.

#### Normal Retirement:

Tier 1: Age 50 and 20 years of Credited Service. Tier 2: Age 55 with 10 years of Credited Service. Benefit: Tier 1: 50% of annual salary attached to rank on last day of service plus 2.5% of annual salary for each year over 20 years, up to a maximum of 75% of salary. The minimum monthly benefit is \$1,159 per month. Tier 2: 2.50% per year of service times the average salary for the eight consecutive years prior to retirement times the number of years of service. The maximum benefit is 75% of average salary.

#### Cost of Living Adjustment:

Tier 1 Retirees: An annual increase equal to 3.00% per year after age 55. Those that retire prior to age 55 receive an increase of 1/12 of 3.00% for each full month since benefit commencement upon reaching age 55. Disabled Retirees: An annual increase equal to 3.00% per year of the original benefit amount beginning at age 60. Those that become disabled prior to age 60 receive an increase of 3.00% of the original benefit amount for each year since benefit commencement upon reaching age 60. Tier 2: An annual increase each January 1 equal to 3.00% per year or one-half of the annual unadjusted percentage increase in the consumer price index for the twelve months ending with the September preceding each November 1, whichever is less, of the original pension after the attainment of age 60 or first anniversary of pension start date whichever is later.

#### Disability Benefit:

Eligibility: Total and permanent as determined by the Board of Trustees. Seven years of service required for non-service connected disability. Benefit: A maximum of: a.) 65% of salary attached to the rank held by the member on last day of service, and; b.) The monthly retirement pension that the member is entitled to receive if he or she retired immediately. For non-service connected disabilities, a benefit of 50% of salary attached to rank held by member on last day of service.

#### Pre-Retirement Death Benefit:

Service Incurred: 100% of salary attached to rank held by member on last day of service. Non-Service Incurred: A maximum of: a.) 54% of salary attached to the rank held by member on last day of service, and; b.) The monthly retirement pension earned by the deceased member at time of death, regardless of whether death occurs before or after age 50.

#### Vesting (Termination):

Less than 10 years: Refund of Member Contributions.

10 or more years: Either the termination benefit, payable upon reaching age 60, provided contributions are not withdrawn, or a refund of member contributions. The termination benefit is based on the monthly salary attached to the Member's rank at separation from service. The following schedule apples:

% of Salary
15.0%
17.6%
20.4%
23.4%
26.6%
30.0%
33.6%
37.4%
41.4%
45.6%

#### Contributions.

Employee: 9.455% of Salary. City: Remaining amount necessary for payment of Normal (current year's) Cost and amortization of 90% of the accrued past service liability by December 31, 2040.

#### b) Investments

#### Investment Policy:

The following was the Board's adopted asset allocation policy as of April 30, 2021:

Asset Class	Target Allocation
Fixed Income	58%
U.S. Equity	24%
International Equity	<u> 18%</u>
Total	100%

#### Concentrations:

The Plan did not hold investments in any one organization that represent 5 percent or more of the Pension Plan's fiduciary net position.

#### Rate of Return:

For the year ended April 30, 2021, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 25.61%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### c) Net Pension Liability of the Sponsor

The components of the net pension liability of the sponsor on April 30, 2021 were as follows:

Total Pension Liability Plan Fiduciary Net Position Net Pension Liability	\$ 15,241,123 (7,104,525) \$ 8,136,598
Plan Fiduciary Net Position as a % of Total Pension Liability	46.61%
Covered Employee Payroll	\$ 850,122
Employer's Net pension Liability as a % of Employee Payroll	957.11%

#### Actuarial Assumptions:

The total pension liability was determined by an actuarial valuation April 30, 2021 using the following actuarial assumptions.

Inflation	2.25%
Projected Increase in Total Payroll	3.25%
Investment Rate of Return	6.00%

Mortality Table: Pub-2010 Adjusted for Plan Status

Retirement Rate: L&A 2020 Illinois Firefighters capped at age 65 Disability Rate: L&A 2020 Illinois Firefighters Disability Rates Termination Rates: L&A 2020 Illinois Firefighters Termination Rates

Percent Married: 80.0%

The long-term expected rate of return on pension plan investments was determined using the best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) and are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation are summarized in the following table:

	Long Term Expected
Asset Class	Real Rate of Return
US Govt Fixed Income	0.20 - 1.50%
US Large Cap Equities	4.45 - 4.70%
US Mid/Small Cap Equities	5.20 - 6.50%
International Equities	4.45 - 7.45%
Emerging Markets Equity	7.50%
REIT	3.90%

#### Discount Rate:

The discount rate used to measure the total pension liability was 5.39 percent. The projection of cash flows was used to determine the extent which the plan's future net position will be able to cover future benefit payments. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future projected benefit payments through 2071. To the extent future benefit payments are not covered by the plan's net position, the municipal bond rate is used to determine the portion of the net pension liability associated with those payments.

The Net Pension Liability was determined using the discount rate of 5.39% as stated in the prior paragraph. The following table displays the sensitivity of the resulting change had the rate been 1% higher or lower.

	C	Current Discount	
	1% Decrease	Rate	1% Increase
	<u>4.39%</u>	<u>5.39%</u>	<u>6.39%</u>

#### 3. Police Pension Fund

#### a) Plan Description

Plan Administration. The Board consists of two members appointed by the City, two active members of the police department elected by the membership, and one retired member of the police department elected by the retiree membership.

Plan Membership as of April 30, 2021:

Inactive Plan Members or Beneficiaries	
Currently Receiving Benefits	20
Inactive Plan Members Entitled to But Not	
Currently Receiving Benefits	3
Active Plan Members	<u>18</u>
Total	<u>41</u>

Benefits Provided.

The Plan provides retirement, termination, disability, and death benefits.

#### Normal Retirement:

Tier 1: Age 50 and 20 years of Credited Service. Tier 2: Age 55 with 10 years of Credited Service. Benefit: Tier 1: 50% of annual salary attached to rank on last

day of service plus 2.5% of annual salary for each year over 20 years, up to a maximum of 75% of salary. The minimum monthly benefit is \$1,000 per month. Tier 2: 2.50% per year of service times the average salary for the eight consecutive years prior to retirement times the number of years of service. The maximum benefit is 75% of average salary.

#### Cost of Living Adjustment:

Tier 1 Retirees: An annual increase equal to 3.00% per year after age 55. Those that retire prior to age 55 receive an increase of 1/12 of 3.00% for each full month since benefit commencement upon reaching age 55. Tier 2: An annual increase each January 1 equal to 3.00% per year or one-half of the annual unadjusted percentage increase in the consumer price index for the twelve months ending with the September preceding each November 1, whichever is less, of the original pension after the attainment of age 60 or first anniversary of pension start date whichever is later.

#### Disability Benefit:

Eligibility: Total and permanent as determined by the Board of Trustees. Benefit: A maximum of: a.) 65% of salary attached to the rank held by the member on last day of service, and; b.) The monthly retirement pension that the member is entitled to receive if he or she retired immediately. For non-service connected disabilities, a benefit of 50% of salary attached to rank held by member on last day of service.

#### Pre-Retirement Death Benefit:

Service Incurred: 100% of salary attached to rank held by member on last day of service. Non-Service Incurred: A maximum of: a.) 50% of salary attached to the rank held by member on last day of service, and; b.) The monthly retirement pension earned by the deceased member at time of death, regardless of whether death occurs before or after age 50. For non-service deaths with less than 10 years of service, a refund of member contributions is provided.

#### Vesting (Termination):

Less than 10 years: Refund of Member Contributions.

10 or more years: Either the termination benefit, payable upon reaching age 60, provided contributions are not withdrawn, or a refund of member contributions. The termination benefit is 2.50% of annual salary held in the year prior to termination times creditable service.

#### Contributions.

Employee: 9.91% of Salary. City: Remaining amount necessary for payment of Normal (current year's) Cost and amortization of 90% of the accrued past service liability over a period ending in 2040.

#### <u>Investments</u>

#### Investment Policy:

The following was the Board's adopted asset allocation policy as of April 30, 2021:

Asset Class	Target Allocation
Fixed Income	33 - 100%
Equities	0 - 65%
Cash/Cash Equivalents	2 - 10%

#### Concentrations:

The Plan did not hold investments in any one organization that represent 5 percent or more of the Pension Plan's fiduciary net position.

#### Rate of Return:

For the year ended April 30, 2021, the annual money-weighted rate of return on Pension Plan investments, net of pension plan investment expense, was 25.04%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### b) Net Pension Liability of the Sponsor

The components of the net pension liability of the sponsor on April 30, 2021 were as follows:

Total Pension Liability Plan Fiduciary Net Position Net Pension Liability	\$ 25,616,839 (12,957,241) \$ 12,659,598
Plan Fiduciary Net Position as a % of Total Pension Liability	50.58%
Covered Employee Payroll	\$ 1,326,258
Employer's Net Pension Liability as a % of Employee Payroll	954.54%

#### Actuarial Assumptions:

The total pension liability was determined by an actuarial valuation as of April 30, 2021 using the following actuarial assumptions.

Inflation	2.25%
Projected Increase in Total Payroll	3.25%
Investment Rate of Return	6.50%

Mortality Table: Pub-2010 Adjusted for Plan Status

Retirement Rate: L&A 2020 Illinois Police Retirement capped at age 65

Disability Rate: L&A 2020 Illinois Police Disability Rates
Termination Rates: L&A 2020 Illinois Police Termination Rates

Percent Married: 80.0%

The long-term expected rate of return on pension plan investments was determined using the best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) and are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation are summarized in the following table:

	Long Term Expected
Asset Class	Real Rate of Return
US Govt Fixed Income	-1.310.11%
US Large Cap Equities	5.79%
US Mid/Small Cap Equities	6.59 - 7.59%
International Equities	6.59%
<b>Emerging Markets Equity</b>	7.79%

#### Discount Rate:

The discount rate used to measure the total pension liability was 5.50 percent. The projection of cash flows was used to determine the extent which the plan's future net position will be able to cover future benefit payments. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future projected benefit payments through 2070. To the extent future benefit payments would not covered by the plan's net position, the municipal bond rate would be used to determine the portion of the net pension liability associated with those payments.

The Net Pension Liability was determined using the discount rate of 5.50% as stated in the prior paragraph. The following table displays the sensitivity of the resulting change had the rate been 1% higher or lower.

	1	Current Discount	t
	1% Decrease	Rate	1% Increase
	<u>4.50%</u>	<u>5.50%</u>	<u>6.50%</u>
Net Pension Liability	\$ 17,020,848	\$ 12,659,598	\$ 9,197,959

2024	201,943
2025	325,878
2026	679,118
Thereafter	35,878
	\$ 1,321,984

#### NOTE 8: POST RETIREMENT HEALTH PLAN

The City provides healthcare coverage for all active qualified employees of the City and also makes coverage available for the City retirees. This plan is a single employer plan where the City contributions and benefit payments are related to the increase in active member premiums due to the presence of retirees in the determination of blended retiree/active member premiums. As part of the plan, all retirees are required to pay the full cost of coverage. This coverage becomes secondary to Medicare after the retiree attains the age of 65.

Plan Membership as of April 30, 2021:

Active Employees	71
Inactive Employees Currently Receiving	
Benefit Payments	9
Inactive Employees Entitled to but Not Yet	
Receiving Benefit Payments	<u>0</u>
Total	80

#### Investments

Investment Policy:

Currently, there is no expectation for future returns on OPEB plan assets since the OPEB obligation is an unfunded obligation. The employer does not have a trust dedicated exclusively to the payment of OPEB benefits.

#### Receivables

The Plan does not have any receivables as of April 30, 2021.

#### Net OPEB Liability of the Sponsor

The components of the net pension liability of the sponsor on April 30, 2021 were as follows:

Total OPEB Liability Plan Fiduciary Net Position Net OPEB Liability	\$ 1,664,116 <u> </u>
Plan Fiduciary Net Position as a % of Total OPEB Liability	0%
Covered Employee Payroll	\$ 5,030,296
Employer's Net OPEB Liability as a % of Employee Payroll	33.08%

#### Changes in Net OPEB Liability

Net Changes	*********	602		-		602	
Balances Beginning at 4/30/21	<u>\$</u>	1,664,116	\$	-	\$	1,664,116	

#### Actuarial Assumptions:

The total pension liability was determined by an actuarial valuation as of April 30, 2021 using the following actuarial assumptions.

Projected Increase in Total Payroll	2.75%
Discount Rate	2.27%
Investment Rate of Return	N/A

Mortality Rates: Follows the Sex Distinct Raw Rates as developed in the RP-2014 Study, with Blue Collar Adjustment. These rates are improved generationally using MP-2016 Improvement Rates

Retirement Rate: L&A 2020 Illinois Fire and Police Retirement and the IMRF Experience Study Report dated November 8, 2017

#### Health Care Trend Rates:

The following trend rate is based on the 2020 Segal Health Plan Cost Trend Survey. The grading period and ultimate trend rates selected fall within a generally accepted range.

Healthcare Trend (FY=Fiscal Year

Pre-65	Post-65
6.80%	6.80%
6.60%	6.60%
6.40%	6.40%
6.20%	6.20%
6.00%	6.00%
5.80%	5.80%
5.60%	5.60%
5.40%	5.40%
5.20%	5.20%
5.00%	5.00%
5.00%	5.00%
	6.80% 6.60% 6.40% 6.20% 6.00% 5.80% 5.60% 5.40% 5.20% 5.00%

Below is a table illustrating the sensitivity of the net OPEB liability to the healthcare trend rate assumption.

	Healthcare Cost				
		Trend Rates			
	1% Decrease	Rate	1% Increase		
	(Varies)	(Varies)	(Varies)		
Net OPEB Liability	\$ 1,463,040	\$ 1,664,116	\$ 1,902,962		

#### Discount Rate:

The discount rate used to measure the total OPEB liability was 2.27 percent. If the OPEB plan is funded, the projection of cash flows will be used to determine the extent to which the plan's future net position will be able to cover future benefit payments. To the extent future benefit payments are not covered by the plan's net position, the municipal bond rate is used to determine the portion of the net pension liability associated with those payments. The municipal bond rate is based on The Bond Buyer 20-Bond GO Index.

The following table displays the sensitivity of the resulting change had the rate been 1% higher or lower.

C-----

	C	Current Discount		
	1% Decrease	Rate	1% Increase	
	<u>1.27%</u>	<u>2.27%</u>	<u>3.27%</u>	
Net OPEB Liability	\$ 1,843,296	\$ 1,664,116	\$ 1,511,068	

Deferred Outflows and Deferred Inflows of Resources by Source to be recognized in Future Pension Expenses. For the year ended April 30, 2021, the City recognized an OPEB expense of \$137,846. The OPEB plan did not have any amounts to be reported as deferred inflows and outflows related to the net pension liability.

#### NOTE 9: <u>INTERFUND RECEIVABLES</u>

For the year ended April 30, 2021, the Golf Course Fund owed the Capital Improvements and Development Fund \$53,178.

#### NOTE 10: INTERFUND TRANSFERS

The following is a summary of interfund transfers for the year ended April 30, 2021:

<b>Business-type Activities:</b>	
Water Fund Transfer From (To):	
General Fund	(143,622)
Sewer Fund	89,259
Refuse Fund	29,217
Capital Improvement and Development Fund	66,550
Non-Home Rule Sales Tax Fund	73,809
Sewer Fund Transfer From (To):

Refuse Fund	144,152
Municipal Retirement Fund	75,000
Library Fund	6,400
Motor Fuel Tax Fund	25,000
Motor Fuel Tax Fund Transfer From (To) General Fund	(25,000)
Capital Improvement and Development Fund Transfer From (To):	
Water Fund	(66,550)
Golf Fund	120,000
Municipal Retirement Fund Transfer To General Fund	(75,000)
Library Fund Transfer From (To) General Fund	(6,400)
Refuse Fund Transfer (To):	
General Fund	(144,152)
Water Fund	(29,217)
Non-Home Rule Sales Tax Fund (To)	
Water Fund	(73,809)
Sewer Fund	 (150,928)
	\$ 169,344

The City makes transfers between funds to reimburse for costs related to a specific fund that was originally paid from another fund or to reimburse for overhead costs.

#### NOTE 11: TAX ABATEMENTS

The City entered into a twenty-year economic incentive agreement with a local automotive dealership in May of 2013. The dealership will receive rebates of incremental sales taxes upon exceeding annual sales tax base thresholds that apply to an overall initial increment threshold. The annual sales tax threshold base is \$225,000. The total of the annual threshold excesses will be applied to an overall initial increment threshold of \$500,000. After meeting the overall threshold of \$500,000, the sales tax increments will be allocated between the City and the dealership using percentages that vary depending on the year of the agreement. As of April 30, 2021, the total balance of annual incremental sales taxes excesses to be applied against the overall initial increment threshold of \$500,000 was \$296,757. Therefore, no incentive payments have been made as of April 30, 2021 related to this agreement.

For the year ended April 30, 2021, local sales tax rebates related to other developers totaled \$17,571 and sales tax rebates related to the business districts totaled \$425,371.

#### NOTE 12: SUBSEQUENT EVENT

The City has evaluated events occurring after the financial statement date through September 13, 2021 in order to determine their potential for recognition or disclosure in the financial statements. The latter date is the same date the financial statements were available to be issued.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council Wood River, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wood River, Illinois as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the City of Wood River, Illinois' basic financial statements, and have issued our report thereon dated September 13, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Wood River, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Wood River, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Wood River, Illinois' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Wood River, Illinois' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH TAX INCREMENT FINANCING ACT

Honorable Mayor and Members of the City Council Wood River, Illinois

#### Report on the Financial Statements

We have audited the accompanying financial statements of the City of Wood River, Illinois as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Other Matters

The management of the City of Wood River, Illinois is responsible for the government's compliance with laws and regulations. In connection with our audit, referred to above, we selected and tested transactions and records to determine the government's compliance with 65 ILCS 5/11-74.4-3, "Tax Increment Allocation Redevelopment Act".

The results of our tests indicate that for the items tested, the City of Wood River, Illinois, complied with Subsection (q) of 65 ILCS 5/11-74.4-3, "Tax Increment Allocation Redevelopment Act". Nothing came to our attention that caused us to believe that, for the items not tested, the City of Wood River, Illinois was not in compliance with Subsection (q) of 65 ILCS 5/11-74.4-3, "Tax Increment Allocation Redevelopment Act".
